Message from the Collection Editors

Dear Colleagues,

MEAL (Meeting of Experts on Aquatic Life: <https://wlee11.wixsite.com/meal>) is an online scientific meeting platform for researchers on aquatic organisms: from microbes and fungi to plants and animals. MEAL was established in June 2020 in the middle of the COVID-19 pandemic, and aims to continue scientific activities, and communications among the experts on aquatic organisms. It has one regular online meeting in a year. The first MEAL is served on November 11, 2020 through an online format. PEAL is the proceedings of MEAL, and will sound every year in *Diversity*. The scope of MEAL is broad, and all studies on taxonomy, ecology, and biodiversity of aquatic organisms including benthos, plankton, and nekton are welcome.

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Biodiversity Conservation*) / CiteScore - Q2 (*Agricultural and Biological Sciences (miscellaneous)*)
