

Special Issue

Diversity in 2024

Message from the Guest Editor

Happy New Year! We hope you had a wonderful 2023 and wish you a happy, healthy and fruitful 2024. We are launching the Special Issue “*Diversity* in 2024” to celebrate the coming year. This Special Issue is dedicated to high-quality review papers and research papers on all aspects of biodiversity and its applications, including biodiversity assessment and biodiversity preservation. We welcome contributions from researchers who can offer insights on the latest developments in this field. We also encourage authors to invite relevant experts and colleagues to contribute to this Special Issue. We look forward to your contributions, which we believe will make this Special Issue a unique resource for future researchers in the exciting field of diversity.

About the Journal

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).

Editor-in-Chief

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Biodiversity Conservation) / CiteScore - Q1
(Agricultural and Biological Sciences (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.1 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
