Biogeography and Macroecology Hotspots in 2024

Message from the Guest Editor

We are launching the Special Issue “Biogeography and Macroecology Hotspots in 2024” to celebrate advances in our discipline for the coming year. This Special Issue is dedicated to high-quality review papers and research papers on all aspects of Biogeography and Macroecology. We welcome contributions from researchers who can offer insights on the latest developments in this field. We also encourage authors to invite relevant experts and colleagues to contribute to this Special Issue.

About the Journal

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).
