

Special Issue

Diversity, Biogeographic, and Evolutionary Research in Acarology

Message from the Guest Editor

This Special Issue, "Diversity, Biogeographic, and Evolutionary Research in Acarology", will facilitate the review of current knowledge on the subject. We invite both original research and review papers that address the current research problems, as well as indicate research trends for the future.

About the Journal

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).

Editor-in-Chief

Prof. Dr. Michael Wink
