Phylogeny and Evolution Hot Topics in 2024

Message from the Guest Editor

We are pleased to announce that the journal Section “Phylogeny and Evolution” is now compiling a collection of papers submitted by researchers all around the world in this research field. Papers concerning evolution and phylogeny of organisms are welcome. The purpose of this Special Issue is to publish a set of papers that typify the most exceptional, insightful, influential and original research articles or reviews and key topics in the field. We expect these papers to be widely read and highly influential within the field. All papers in this Special Issue will be collated into a printed edition book after the deadline, and will be well promoted. We are looking forward to your hot topics.

About the Journal

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).
