

Special Issue

Diversity, Ecology, and Evolution of Hydrozoans

Message from the Guest Editor

The aim of this Special Issue is to provide a platform for integrative studies aimed at better understanding of multiple aspects of the ecology, diversity (both morphological and genetic), and evolution of members of the class Hydrozoa. Particular attention will be given to studies that adopt multidisciplinary approaches.

About the Journal

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).
