

Special Issue

Phylogenomic, Biogeographic, and Evolutionary Research Trends in Arachnology

Message from the Guest Editor

This volume aims to contribute to advancing or reviewing phylogenomic, biogeographic, and evolutionary research trends in arachnid research. We welcome your original research papers, perspectives, and reviews with a focus on any arachnid order, on any evolutionary topic, from any region of the globe. Taxonomic papers are welcome, as long as they advance our understanding of arachnid evolution, biogeography, or phylogenetic systematics. I am looking forward to your submissions.

Guest Editor

Prof. Dr. Matjaž Kuntner

Department of Organisms and Ecosystems Research, National Institute of Biology, Ljubljana, Slovenia

Deadline for manuscript submissions

closed (1 October 2021)

About the Journal

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).

Editor-in-Chief

Prof. Dr. Michael Wink

Institute of Pharmacy and Molecular Biotechnology, Heidelberg
University, Im Neuenheimer Feld 329, D-69120 Heidelberg, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Biodiversity Conservation) / CiteScore - Q1
(Nature and Landscape Conservation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.6 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2025).
