

Special Issue

Diversity in 2023

Message from the Guest Editors

This Special Issue reflects on the achievements, scientific progress, and “hot topics” of the year in the journal *Diversity*. We hope to include reviews to summarise the progress of research and developments in the field, as well as articles that report the latest cutting-edge research in the journal field. Submissions of articles whose lead authors are our Editorial Board Members are highly encouraged. However, we welcome high-quality articles from all authors.

About the Journal

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).

Editor-in-Chief
