

Special Issue

Mega-Diversity of Beetle Species—Perspective on Taxonomy, Systematics, Morphological Evolution and Zoogeographical Patterns of Coleoptera (Arthropoda, Insecta)

Message from the Guest Editor

This is a Special Issue of high-quality papers in open access form by the Editorial Board Members, or those recommended and invited by the Editorial Board Members and the Editor-in-Chief. In this special issue concentrated on Coleopterology, we aim to cover the following topics:

- Inventory of beetle species diversity. Global, regional and local catalogues.
- Taxonomy and nomenclatures.
- New taxa discovers.
- Faunistic and zoogeographical researches.
- Phylogenetics based on molecular and morphological data.
- Evolutionary patterns exhibiting in morphological variations, ecological adaptations.
- Life history and pre-adults stages.
- Field investigation and observing.

You are warmly encouraged to contribute research papers, reports, and reviews Prof. Dr. Hongzhang Zhou

About the Journal

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).

Editor-in-Chief

Prof. Dr. Michael Wink

Institute of Pharmacy and Molecular Biotechnology, Heidelberg
University, Im Neuenheimer Feld 329, D-69120 Heidelberg, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Biodiversity Conservation) / CiteScore - Q1
(Agricultural and Biological Sciences (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.6 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2025).
