Message from the Guest Editors

This Special Issue provides a platform to highlight new research from both empirical and theoretical perspectives. There are still many questions to be explored on biogeography, evolution, speciation and population genetics, and this Special Issue welcomes articles, opinions and reviews addressing any of these issues.

About the Journal

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).
