

## Special Issue

# Feature Papers for Drones in Agriculture and Forestry Section: 2nd Edition

### Message from the Guest Editors

As the Section Editor-in-Chief, I am pleased to announce a Special Issue entitled “Feature Papers for Section Drones in Agriculture and Forestry 2nd Edition”. This Special Issue welcomes high-quality papers from the latest research and application results related to the use of drones in agriculture and forestry. Manuscripts can be theoretical, applied, or review articles. Interdisciplinary manuscripts are particularly welcome. For more scope information, you may check [https://www.mdpi.com/journal/drones/sections/drones\\_in\\_agriculture\\_forestry](https://www.mdpi.com/journal/drones/sections/drones_in_agriculture_forestry).

## About the Journal

### Message from the Editor-in-Chief

*Drones* is an international open access journal focusing on advancing research in drone science, policy, technology, and applications. Today, drones have become indispensable for policymakers, regulatory authorities, mapping agencies, start-ups, and established firms. Their expanding societal and economic relevance is reflected in the rapid development of new sensors, upgraded platforms, specialized software, and novel applications. The journal provides a central forum for scholars in drone research and applications to exchange findings and innovations. With growing demand for high-quality research, our Editorial Board comprises international leaders and experts across relevant scientific areas. We offer rigorous peer review and rapid publication of papers from across all areas of drone science. We welcome you to submit your next paper to *Drones* and to contribute to the continued advancement of and innovations in the field of drones.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q1 (Remote Sensing) / CiteScore - Q1 (Aerospace Engineering)
