

Special Issue

Unveiling the Power of Remittances: Drivers, Effects, and Trends

Message from the Guest Editor

This Special Issue will focus on research concerning the economic, social, demographic, political, and environmental factors that can influence remittances and their possible overall impact on countries of origin. We also welcome research papers that study the impact of crises and political changes in host and home countries on migrants' remittance behavior, examine the response of remittances to economic changes in host countries, and revisit their impacts on labor, money, and goods and services markets in home countries. Other topics related to remittances in general are also welcome.

Guest Editor

Dr. Farid Makhoul

Department of Finance, École de Management, 64000 Pau, France

Deadline for manuscript submissions

31 March 2026
