

## Special Issue

# New Trends in Educational Technology and Instructional Design Principles for Online and Remote Teaching, and Courseware Design

### Message from the Guest Editors

The aim of this Special Issue is to offer readers information regarding conventional teaching styles and remote teaching, online learning styles, as well as a clear vision of how to apply learning and teaching strategies in different learning environments for face-to-face learning, integrated e-learning, and remote learning. It also aims to help to improve communication with students to develop and use online/remote teaching strategies effectively.

## About the Journal

### Message from the Editor-in-Chief

From its first issue in 2011, *Education Sciences* (ISSN 2227-7102) has grown as a scholarly international open access journal. Its aim remains to publish extended full-length research papers that have the scope to substantively address current issues in education. As a member of the Committee on Publication Ethics (COPE), our goal has been to disseminate high quality research. Our publisher, MDPI, takes the responsibility to enforce a rigorous double-blind peer-review together with strict ethical policies and standards to ensure to add high quality scientific works to the field of scholarly publication.
