Power of Literacy: Strategies for Effective Reading Instruction

Message from the Guest Editors

Individuals directly and indirectly associated with providing literacy instruction have strong positions regarding effective strategies for effective literacy instruction. On both sides of a long-standing divide is whether to focus on reading skills, meaning, and/or practices that validate and sustain students' funds of knowledge. We believe that the broader question Aukerman and Schudts (2021) ask is, "How can reading instruction best help students develop and flourish as literate human beings in the ways that matter most? (p .85). What strategies are most effective for achieving equitable literacy outcomes for today's students? In our current text, *Achieving Equity for Students in Poverty: Literacy Instruction that Makes a Difference* (Walker-Dalhouse and Risko, in press), we argue that deficit views of students' capabilities lead to missed opportunities to teach students' capabilities and histories. We argue that literacy educators can transform instruction to support equity for all students in our schools worldwide.

About the Journal

Message from the Editor-in-Chief

From its first issue in 2011, *Education Sciences* (ISSN 2227-7102) has grown as a scholarly international open access journal. Its aim remains to publish extended full-length research papers that have the scope to substantively address current issues in education. As a member of the Committee on Publication Ethics (COPE), our goal has been to disseminate high quality research. Our publisher, MDPI, takes the responsibility to enforce a rigorous double-blind peer-review together with strict ethical policies and standards to ensure to add high quality scientific works to the field of scholarly publication.

Editor-in-Chief

Prof. Dr. Daniel Muijs

School of Social Sciences, Education and Social Work, Queen's
University Belfast, Belfast BT7 1NN, UK

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), Educational Research Abstracts, PsycInfo, and other databases.

Journal Rank:

JCR - Q1 (Education and Educational Research) / CiteScore
- Q1 (Physical Therapy, Sports Therapy and Rehabilitation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 29.2 days after submission; acceptance to publication is undertaken in 3.9 days (median values for papers published in this journal in the first half of 2025).
