The International Conferences on Science and Technology Education take place in Porto, Portugal, every year in October. The conference (www.fe.up.pt/ste2021) is co-chaired by António Ferreira (University of Porto, Portugal) and Lucas F. M. da Silva (University of Porto, Portugal). The focus is on education in science and technology. The conference provides an international forum for the sharing, dissemination and discussion of research, experience and perspectives across a wide range of teaching and learning issues. In order to disseminate the work presented at these conferences, selected papers were prepared, which resulted in the present volume.
