submissions:

closed (15 May 2024)

Message from the Guest Editors

Dear Colleagues,

This Special Issue, "Feature Review Papers in Microelectronics", is dedicated to showcasing the advancements and applications of microelectronics in emerging and challenging technologies. It aims to publish cutting-edge **reviews** that explore the diverse applications of microelectronics in emerging, frontier, and challenging technologies.

This Special Issue provides a platform for scientists and electronic designers to share their experiences and successes, with a particular emphasis on circuit design, modeling, simulation, and testability methodologies. Overall, it contributes to the advancement of microelectronics and fosters collaboration within the field.

You are welcome to contribute!!!

an Open Access Journal by MDPI

Editor-in-Chief

Telecommunications,
Politecnico di Torino, 10129
Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [CAPus / SciFinder](#), [Inspec](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Electrical and Electronic Engineering*) CiteScore - Q2 (*Electrical and Electronic Engineering*)
