Message from the Guest Editor

Dear Colleagues,

This Special Issue aims to encourage the most recent and advanced research in platform technology and application, with a special focus on their practical applications to science, engineering, industry, medicine, robotics, manufacturing, entertainment, optimization, business, and other fields. We kindly invite researchers and practitioners to contribute their high-quality original research or review articles on these topics to this Special Issue.

Topics appropriate for this Special Issue include but are not necessarily limited to:

- Machine-learning-based platform technology and application;
- Clustering and classification of industrial data processing;
- Industrial AI-based applications for platform technology and application;
- AI security, trust, assurance, and resilience;
- Digital forensics for platform technology and application;
- Multimedia and distributed systems for platform technology;
- Smart home and M2M network for platform technology;
- Scientific and big data visualization platform;
- Business management and intelligence;
- Security and privacy issues in emerging platforms.

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [CAPus / SciFinder](#), [Inspec](#), [Ei Compendex](#) and [other databases](#).

Journal Rank: JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)
