

Advanced Power Conversion Technologies

Guest Editors:

Prof. Dr. Sergio Busquets-Monge

Electronic Engineering
Department, Universitat
Politécnica de Catalunya, 08028
Barcelona, Spain

Dr. Jean-Christophe Crebier

G2ELab, CNRS/UGA, Grenoble,
France

Dr. Salvador Alepuz

Tecnocampus, Universitat
Pompeu Fabra, 08302 Mataró,
Spain

Deadline for manuscript
submissions:

closed (31 July 2019)

Message from the Guest Editors

The main aim of this Special Issue is to seek high-quality submissions that highlight original power conversion techniques that could enable further advances in power electronics, such as novel power converter topologies, novel power converter modulations, novel power converter controls, and novel power converter design and manufacturing approaches producing higher efficiency, higher power density, lower cost, and/or higher reliability. Refinements of existing techniques that introduce significant benefits are also welcome.

Topics of interest include, but are not limited to, the following:

- Multilevel and multicell power converter topologies
- Advanced power-converter modulation techniques
- Advanced power-converter controls
- Modular power-converter design approaches

Welcome to contribute!

an Open Access Journal by MDPI

Editor-in-Chief

Department of Electronics and
Telecommunications,
Politecnico di Torino, 10129
Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank: JCR - Q2 (*Physics, Applied*) / CiteScore - Q2 (*Control and Systems Engineering*)
