

Special Issue

Advanced Future Communication Techniques and Security Solutions for 6G and Internet of Things

Message from the Guest Editors

In this Special Issue of MDPI's *Electronics*, we look for original and creative contributions that speak across multiple subfields of Advanced Future Communication Techniques for 6G and Internet of Things. Research papers with theoretical and/or practical approaches as well as review papers are all welcome. Topics of interest include, but are not limited to:

- Advanced physical-layer techniques and standards;
- AI-enabled edge computing;
- Reconfigurable intelligent surfaces;
- Terahertz communication techniques for 6G and IoT;
- Unified communication platforms;
- Massive ultra-reliable and low-latency communications;
- 6G-based Vehicular IoT;
- 6G for Industrial IoT;
- Applications of AI in IoT;
- Applications of AI in 6G;
- Applications of 6G and IoT in the medical field;
- Security and privacy in 6G and IoT;
- Network security.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
