# 10th Anniversary of Electronics: New Advances in Systems and Control Engineering

### Message from the Guest Editors

*Electronics* was founded in 2011. We are proud and excited to celebrate the 10th anniversary of the journal. To mark the occasion, this Special Issue is being launched to invite contributions from Editorial Board Members, acknowledged reviewers, and outstanding authors. The aim is to celebrate this important anniversary of the journal with high-quality papers fully dedicated to recent efforts that contribute to innovative methodologies and/or technologies in systems and control engineering and their advanced applications. Academic editors, outstanding reviewers, and top authors will be invited to submit high-quality papers to the Special Issue.

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
