

Special Issue

Quantum Computation and Its Applications

Message from the Guest Editors

The Special Issue will mainly focus on high-quality research works focused on, but not limited to, one or more of the following topics:

- Quantum computing research and applications on chemistry and material science, blockchain and cybersecurity, logistics, healthcare, agriculture, finance, and so on;
- Quantum machine learning (algorithms, applications, and techniques);
- Quantum processing units (QPUs) and error correction;
- Quantum drug development;
- Parallel computations on quantum computing devices;
- Algorithms and quantum computing in the NISQ (noisy intermediate-scale quantum) era;
- Quantum key distribution;
- Post-quantum cryptography;
- Quantum annealing and adiabatic quantum computing;
- Quantum telecommunications;
- Quantum networking and quantum internet;
- Benchmarking quantum computing devices;
- Quantum computing and optimization (i.e., modelling and simulation);
- Quantum information theory (i.e., entropy, information channels);
- Classical shadows;
- Future trends of quantum computing;
- Quantum applications (i.e., medical, defense, energy system, smart grid etc.).

Guest Editors

Prof. Dr. Ilias K. Savvas

Department of Digital Systems, Faculty of Technology, University of Thessaly, 415000 Larissa, Greece

Dr. Apostolis Xenakis

Department of Digital Systems, School of Technology, University of Thessaly, Geopolis, 41500 Larissa, Greece

Deadline for manuscript submissions

15 January 2026

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
