

## Special Issue

# AI in IoT and Embedded Devices in Smart Cities

### Message from the Guest Editors

This Special Issue will focus on AI applications in smart cities. We wish to focus on IoT and embedded devices, but we are not limited to such devices. Whereas others investigate typical areas from the field of AI, we focus on IoT-optimized solutions. We will focus our attention on such topics, not limited to corpora augmentation, text generation, natural language understanding, answer generation, dialog agents, TTS, ASR, intelligent systems, smart devices, IoT tools and devices, smart cities, etc. We will also focus on their applications in other fields of science and business, especially as far as business cost reductions are concerned. We also invite convergent research articles, particularly if the generally perceived state of the art has not been established yet. We encourage you to submit papers in such areas (but not limited to solely these areas).

---

### Guest Editors

Dr. Krzysztof Wolk

Dr. Agnieszka Wolk

Dr. Ida Skubis

Dr. Bartomeu Alorda

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
