

Special Issue

Future Trends in Cyber Security and Digital Forensics

Message from the Guest Editors

The growing number of cyber threats and increasingly stringent compliance requirements are driving the adoption of advanced cyber security and digital forensic approaches to mitigate risks stemming from cyber-attacks, operational errors, regulatory changes, and organizational policies. This Special Issue addresses existing gaps and emerging challenges, offering insights into the next generation of cyber defensive strategies. By exploring cutting-edge trends, innovative approaches, and advanced technologies, it aims to bring together researchers, practitioners, and policymakers to discuss solutions for safeguarding digital assets, ensuring regulatory compliance, and enhancing forensic methodologies. We invite submissions of original research, case studies, and theoretical discussions from experts across all relevant fields to advance knowledge in cyber security and digital forensics.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.4 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
