

Special Issue

Virtual Reality Applications in Enhancing Human Lives

Message from the Guest Editors

In this Special Issue, we aim to explore the innovative ways that VR is being applied to improve various facets of daily life. Suitable topics include, but are not limited to, the following:

- VR applications in culture industries, including museums, cinema, and videogames.
- VR applications in healthcare, including therapy, rehabilitation, and medical training.
- Immersive educational environments and VR-based learning tools.
- Enhancing social interaction and remote collaboration through VR and virtual twins.
- VR in professional training and skill development.
- The impact of VR on mental health and well-being.
- Technological advancements and innovations in VR hardware and software.
- Case studies and real-world applications of VR improving human experiences.
- Challenges and future directions in the application of VR technology.

Please feel free to contact us if you have any questions or need further information regarding your submission.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
