

## Special Issue

# Wireless Networks and Resources Managements

### Message from the Guest Editors

We welcome submissions that address a wide range of issues related to wireless networks and resource management, including but not limited to:

- Resource allocation and optimization in wireless networks;
- Design and implementation of novel routing algorithms for wireless networks;
- Resource allocation and scheduling for wireless systems;
- Cross-layer optimization for wireless networks;
- Interference management in wireless networks;
- Machine learning and artificial intelligence in wireless networks;
- Mobile and wireless networks standards and protocols;
- Mobile edge computing and fog computing in wireless networks;
- 5G and beyond: new technologies and applications for wireless networks;
- Network coding for wireless networks;
- Game-theoretic approaches to wireless network design;
- Energy-efficient wireless networks;
- Quality of service (QoS) provisioning in wireless networks;
- Quality of service (QoS) and quality of experience (QoE) in wireless networks;
- Security and privacy in wireless networks.

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
