

Special Issue

Security and Privacy in Location-Based Service

Message from the Guest Editors

This Special Issue aims to cover recent findings on theoretical advancement and practical challenges on lbs in recent architectures such as WSN, IoT networks, 5G, 6G, and so on. Offensive and defensive applications combined with machine learning technology or differential privacy mechanism are the potential subjects of research articles. Topics of interest include, but are not limited to:

- Secure and location privacy-preserving protocol design in LBS;
- Location privacy-preserving mechanism for LBS;
- Secure and robust LBS in 5G, 6G, IoT, WSN, or radio network;
- Secure and robust LBS in vehicular network;
- The trade-off between privacy budget and utility in LBS;
- Privacy-preserving in high-speed and low-latency network;
- Decentralized LBS.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Physics, Applied) / CiteScore - Q2 (Control and
Systems Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.4 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the second half of 2024).
