

## Special Issue

# New Technologies for Data Mining and Data Analysis

### Message from the Guest Editor

*Electronics* aims to dedicate a Special Issue on new technologies for data mining and data analysis, and researchers are warmly encouraged to submit papers on topics such as AI and ML models in complex patterns, prediction modeling, and automated decision making; big data processing technologies; cloud computing; edge computing, NLP; graph analytics; data visualization technologies; automated hybrid approaches, explainable AI in (e.g., business analytics, healthcare and medical research, fraud detection and risk management, social media analysis, Internet of Things (IoT) analytics, environmental analysis, cybersecurity, transportation and logistics, smart cities and urban planning.) These new technologies can evolve to drive advancements in data mining and analysis, enabling organizations to extract valuable insights, make data-driven decisions, and gain a competitive edge in today's data-driven landscape.

### Guest Editor

Dr. Abbas Abbaszadeh Shahri

Faculty of Engineering and Technology, Bircham International University, Madrid, Spain

### Deadline for manuscript submissions

closed (15 March 2024)

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
