

Special Issue

Section Collection Series: New Horizons and Recent Advances in Machine Learning

Message from the Guest Editors

In this Special Issue, we encourage our section's Editorial Board Members and Topical Advisory Panel Members as well as outstanding scholars in related fields to discuss key topics in the field and submit innovative articles on emerging technologies surrounding machine learning. We expect these papers to be widely read and highly influential within the field. All papers in this Special Issue will be collected into a printed book after the deadline and will be well promoted. The subject areas may include, but are not limited to, the following:

- Machine learning in computer vision;
- Machine learning in blockchain and IoT;
- Machine learning in industrial applications;
- Machine learning in medical applications;
- Machine learning in telecommunication applications;
- Machine learning in power electronics;
- Machine learning in cybersecurity;
- Machine learning in smart cities;
- Machine learning in robotics;
- Machine learning in disaster prediction and management;
- Machine learning in agriculture;
- Machine learning in energy;
- Machine learning in multimedia and animation.

Guest Editors

Prof. Dr. Ping-Feng Pai

Department of Information Management, National Chi Nan University,
Nantou 54561, Taiwan

Dr. Noman Shabbir

Department of Electrical Power Engineering & Mechatronics, Tallinn
University of Technology, Tallinn, Estonia

Deadline for manuscript submissions

15 December 2025

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
