

## Special Issue

# Advances in UAV-Assisted Wireless Communications

### Message from the Guest Editors

This Special Issue aspires to foster a deeper understanding of UAV-based communication technologies and their role in shaping resilient, scalable, and intelligent wireless networks. Bringing together a diverse range of research and practical insights aims to pave the way for innovative solutions and inspire advancements that redefine the wireless communications landscape. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- UAVs and 5G/6G networks;
- UAVs as aerial base stations;
- Energy efficiency in UAV networks;
- AI in UAV communication systems;
- Interference management;
- UAV trajectory planning;
- Security in UAV-based communications;
- UAV-enabled IoT connectivity;
- Hybrid terrestrial-satellite-UAV systems;
- Disaster response and emergency communication.

### Guest Editors

Dr. Ruiheng Wu

Department of Electronic and Electrical Engineering, Brunel University  
London, Middlesex UB8 3PH, UK

Dr. Shokrollah Karimian

James Watt School of Engineering, University of Glasgow, Glasgow G12  
8QQ, UK

### Deadline for manuscript submissions

15 March 2026

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
