

## Special Issue

# Innovative Design and Control Technologies for High-Overload Motor in Transportation Electrification

### Message from the Guest Editors

This Special Issue aims to explore recent advancements, innovative solutions, and unresolved challenges in the development and application of high-overload motors for transportation electrification. Topics include, but are not limited to, the design and optimization of high-overload motors, advanced control and drive techniques, thermal management and cooling systems, as well as literature reviews, applications, and discussions of novel materials in high-overload motors.

### Guest Editors

Prof. Dr. Senyi Liu

Institute of Rail Transit, Tongji University, Shanghai, China

Dr. Zaixin Song

Department of Industrial and Systems Engineering, The Hong Kong Polytechnic University, Hong Kong, China

### Deadline for manuscript submissions

15 February 2026

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

---

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
