

Special Issue

Feature Papers in Semiconductor Devices

Message from the Guest Editors

The aim of this Special Issue is to publish a set of papers that characterize the best original articles, including in-depth reviews of the state of the art and original and very up-to-date contributions that involve semiconductor devices. We hope that these articles will be widely read and have a great influence on the field. All articles in this Special Issue will be compiled in a print edition book after the deadline and will be appropriately promoted. Topics of interest include, but are not limited to, the following:

- Semiconductor device applications;
- Fabrication processing;
- Simulation (theory);
- Quantum devices;
- Hybrid electronic and semiconductor devices;
- Semiconductor devices for energy;
- Flexible devices;
- Semiconductor material and device physics;
- Novel semiconductors;
- 2D materials for devices;
- New technology for semiconductor devices;
- Semiconductor optoelectronic and photonic devices and processing.

Guest Editors

Dr. Frédérique Ducroquet

Prof. Dr. Yi Gu

Prof. Dr. Jae-Hyung Jang

Prof. Dr. Tao Wang

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
