Future Trends of Artificial Intelligence (AI) and Big Data

Message from the Guest Editors

This Special Issue aims to investigate the future trends of AI and big data, as well as their influence on various domains. Topics of interest include, but are not limited to, the following:

- Emerging trends in AI and big data research;
- Applications of AI and big data in Industry 4.0;
- The ethics of AI and big data;
- Human–AI interaction and collaboration;
- Explainable AI and interpretability;
- Natural language processing and generation;
- Machine learning algorithms and techniques;
- Computer vision and image analysis;
- Big data analytics and visualization;
- Cloud computing and distributed systems for big data;
- Edge computing and AI at the edge;
- Social media analysis and sentiment analysis;
- Recommender systems and personalized recommendations;
- Deep learning and neural networks;
- Generative models and adversarial learning;
- AI and big data in education and e-learning;
- AR/VR and extended reality;
- AI and art/culture.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
