Antenna Developments for Small Satellites and CubeSats

Message from the Guest Editor

Satellite communications (SatComs) and satellite-based Earth observation markets have recently entered a period of renewed interest motivated by technological advances, supported by private investments and ventures, and fueled by the fast growth of the Internet of Things (IoT) market and the continuous blooming of new satellite services.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.
