Selected Papers from the AI-CyberSec 2021 Workshop in the 41st SGAI International Conference on Artificial Intelligence

Message from the Guest Editors

The Artificial Intelligence and Cybersecurity Workshop (AI-CyberSec 2021 <https://sites.google.com/view/ai-cybersec-2021/home>) will be co-located with the 41st SGAI International Conference on Artificial Intelligence on December 14, 2021, in Cambridge, England. The workshop focuses on research that combines both AI and Cybersecurity and provides a unique forum for the exchange and discussion of new scientific contributions and open challenges in this research area. This Special Issue on "Selected papers from AI-CyberSec 2021 Workshop" expects to publish the invited extended versions of the contributions presented at AI-CyberSec 2021. The organising committee would like to invite submissions of novel theoretical and applied research in this area. **Note:** As the workshop is virtual this year, there will be **no fee** for the workshop presenters or attendees. For the publication of the extended version in the Special Issue (open access, by invitation only), however, an APC can be charged by the journal. Selected authors can enjoy a discounted APC, which will be communicated with the invitation.

Guest Editors

Dr. Harsha Kalutarage

School of Computing, Robert Gordon University, Aberdeen, UK

Prof. Dr. Nirmalie Wiratunga

1. School of Computing, Robert Gordon University, Aberdeen, UK

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Signal Processing)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.8 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2026).
