

## Special Issue

# Automation, Operation and Maintenance of Control and Communication Systems

### Message from the Guest Editors

This Special Issue calls for original research papers that address advancements in automation, operation, and maintenance of control and communication systems.

The topics should include the latest techniques, solutions, and their applications in a range of civilian and military fields. The preferred research study should include artificial intelligence methods with an emphasis on neural networks and deep learning. We seek high-quality submissions reporting research and real applications covering topics including, but not limited to:

- Automation and robotics;
- Autonomous systems;
- Mechatronic systems;
- Telecommunication systems;
- Renewable energy;
- Diagnostic and measurement systems;
- Microwave technique;
- Modeling and simulation of dynamic objects;
- Ship technology;
- Educational aspects of control and communication systems.

---

### Guest Editors

Prof. Dr. Piotr Szymak

Dr. Stanisław Hożyński

Dr. Paweł Piskur

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Physics, Applied) / CiteScore - Q1 (Electrical and  
Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.4 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the second half of 2024).
