

Special Issue

Blockchain Based Electronic Healthcare Solution and Security

Message from the Guest Editor

This Special Issue (SI) focuses on its contributing factors to human society and provides an opportunity for discussions on the relevant convergence technologies. Manuscripts may discuss their technological aspects, usefulness, and contributing factors of their respective Blockchain-based electronic solutions after choosing a suitable subject from the list below or select other ones if needed.

- Electronic Blockchain service prioritizing human beings and their lives;
- Electronic solutions adopting Blockchain and/or Big Data;
- Means of aiding and serving people in need, especially for those disabled or elderly;
- Electronic engineering/mathematical/Blockchain theories that would greatly affect science and industry;
- Intelligent Blockchain techniques and services for improved systems engineering;
- An open engineering integration system for future systems.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Physics, Applied) / CiteScore - Q1 (Electrical and
Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.4 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the second half of 2024).
