

Special Issue

Application and Design of Integrated Antennas in Wireless Communication

Message from the Guest Editors

This Special Issue aims to bring together academic and industrial researchers to identify and discuss technical challenges, complex aspects, and new results related to the design and performances of 5G/6G/LTE/Wi-Fi/BLE and IoT antennas.

The topics of interests include, but are not limited to:

- 5G system
- MIMO
- array antenna
- RF MEMS
- reconfigurability
- optically transparent antenna for automation systems
- wearable and implantable optically transparent 5G/6G antennas for biomedical applications
- energy harvesting and wireless energy transfer
- device-to-device and relay networks
- machine learning and data-driven optimization for edge/fog computing
- wireless cloud networks

Guest Editors

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
