

## Special Issue

# Cooperative Connected and Automated Mobility (CCAM): Technologies and Applications

### Message from the Guest Editor

The main aim of this Special Issue is to seek high-quality submissions that highlight recent breakthroughs in CCAM technologies and applications regarding safety, security aspects, new vehicular sensors, communication protocol, ultra-reliable and low-latency communications, distributed control algorithms. The topics of interest include, but are not limited to:

- Fault-tolerance techniques and devices for CCAM
- Safety assessment of CCAM
- Design methodologies for CCAM applications
- Security, privacy and trust issues
- Flexible network architectures for CCAM
- Smart sensors for CCAM
- 5G and CCAM (network slicing, ultra-reliable low-latency communications, etc.)
- Vehicular communications (DSRC, ITS-G5, C-V2X, LTE-V, etc.)
- Field trials and lessons learned

Welcome to contribute!

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di  
Torino, 10129 Torino, Italy

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
