

Special Issue

Design of Mixed Analog/Digital Circuits

Message from the Guest Editors

Everyday, new contributions of digital and analog circuits are published worldwide. For example, digital circuits are applied on FFT processors, digital signal processors, machine states, digital controllers, communication encoders/decoders, and random number generators. Additionally, analog circuits have found applications in data converters, amplifiers, filters, and multiplexers. For each type of circuit, the demand for energy-efficient solutions is more important in the context of mobile and autonomous devices in order to maximize the useful life of batteries. This Special Issue invites new works, reviews, and innovative applications of mixed analog/digital circuits. Applications based on heterogeneous integration are also welcomed.

Keywords:

- mixed analog/digital circuits design
- optimization
- applications
- heterogeneous integration

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
