

## Special Issue

# Digitization of Mechatronic Systems Using Modern Information and Communication Technologies

### Message from the Guest Editors

In the context of Industry 4.0, mechatronic systems play a key role as a synergetic combination of electronics, mechanics, automation, communication, and information technologies which are integrated into smart technologies. This Special Issue will accept contributions on innovative research and developments in “Digitization of Mechatronic Systems Using Modern Information and Communication Technologies”. The overall objective is to cover a wide range of disciplines, including modern predictive maintenance, smart technologies, industrial mechatronic systems, and automation and control systems. Emphasis is put on methods and findings aimed at determining development trends in smart industry technologies, as well as the development of promising technologies for the digital transformation of industries.

### Guest Editors

Dr. Erik Kučera

Prof. Dr. Štefan Kozák

Prof. Dr. Teofana Puleva

### Deadline for manuscript submissions

closed (31 July 2023)

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.8 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the first half of 2025).
