

Special Issue

Design and Applications of Software Architectures

Message from the Guest Editors

This Special Issue invites submissions on new and innovative research results and industrial experience papers in the area of software architecture. **Keywords:**

- Software architecture
- Methods for software architecture
- Foundations for software architecture
- Techniques and tools for software architecture
- Empirical studies for software architecture
- Systematic literature reviews in the software architecture
- Mapping studies in the software architecture.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.
