

Special Issue

Secure Distributed Computing and Learning for Future Internet of Things

Message from the Guest Editors

This Special Issue welcomes all submissions focusing on the latest advances and trends in secure distributed computing and learning for the future IoT. We seek high-quality and original research papers offering emerging theories, promising architecture and potential applications regarding secure distributed computing and learning that will benefit the future IoT. Topics of interest for this Special Issue include, but are not limited to:

- Advanced hybrid computation–communication architecture for the future IoT;
- Enabling techniques enhancing secure distributed computing and learning for future IoT;
- Performance analysis of secure distributed computing and learning for future IoT;
- Resource allocation/management in secure distributed computing and learning for future IoT;
- Applications and testbeds of secure distributed computing and learning for future IoT.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
