

Special Issue

Emerging E-health Applications and Medical Information Systems

Message from the Guest Editors

The objective of this **Special Issue** is to provide an interdisciplinary platform where researchers will demonstrate state-of-the-art developments of emerging eHealth applications and medical information systems. Research topics of interest include, but are not limited to, the following:

- Telemedicine, telehealth, and telecare;
- Evidence-based evaluation of eHealth interventions;
- Ambient-assisted living and patient empowerment systems;
- Smart sensors for eHealth;
- Clinical decision-making support, and smart ePrescription;
- Health data and text mining;
- Artificial intelligence for eHealth;
- Social media and online social networks for healthcare support;
- Mobile healthcare applications and pervasive technologies;
- Personalized medicine;
- Big data and data management;
- Wellness and prevention interventions;
- Evaluation and modeling of healthcare service and mobile app usage;
- Public health informatics and population health;
- Health data strategies and architectures.

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.4 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
