

## Special Issue

# Advanced Embedded HW/SW Development

### Message from the Guest Editor

This Special Issue on Advanced Embedded HW/SW Development aims to collect contributions from various sources composing a representative picture of recent advances. Accounts of practical development of innovative systems or components are particularly welcome. Topics of interest of this Special Issue include but are not limited to:

- Advanced embedded hardware and software for edge computing and edge/fog/cloud connectivity;
- Hardware acceleration and microprocessor core development for advanced embedded systems;
- Bio-inspired embedded hardware and software development;
- Approximate computing in advanced embedded hardware and software;
- Specialized circuits and technologies for advanced embedded systems;
- Machine learning techniques applied to embedded hardware and software development;
- Use cases and analysis of advanced embedded hardware and software.

Welcome to contribute.

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /  
SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /  
CiteScore - Q1 (Electrical and Electronic Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 16.4 days after  
submission; acceptance to publication is undertaken in 2.6  
days (median values for papers published in this journal in  
the second half of 2025).
