

Special Issue

Advances in Generative AI and Computational Linguistics

Message from the Guest Editors

Topics of interest include, but are not limited to:

- Multi-modal generative AI models for text, image, audio, and video synthesis
- Cross-modal representation learning and fusion techniques
- Visual and audio-grounded language modeling
- Multi-modal dialogue systems and conversational agents
- Text-to-image and image-to-text generation
- Multi-modal reasoning and narrative generation
- Computational linguistics approaches to multi-modal data integration
- Ethical concerns, biases, and fairness in multi-modal generative AI
- Applications in education, creative industries, healthcare, and accessibility
- Benchmarking and evaluation methodologies for multi-modal generative systems
- Advances in generative language models and large language models
- Computational linguistics approaches enhanced by generative AI
- Low-resource and multilingual generative NLP
- Dialogue systems and conversational AI
- Text-to-text, text-to-image, and multimodal generative tasks
- Applications in education, healthcare, legal tech, and social sciences
- Benchmarking and evaluation of generative AI in linguistic contexts

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
