# **Special Issue**

# Power Electronics Controllers for Power System

## Message from the Guest Editors

This Special Issue aims to promote the progress and development of technology in this field and will cover the following areas:

- Fault crossing active support technology for wind power systems.
- Power electronic converter and system modelling, stability and control technology.
- Stability analysis and control technology of wind power grid connection.
- Grid connected converter control.
- AC motor speed/position sensorless control technology.
- New topology of AC motors.
- Wind power generation system based on doubly fed motors
- Control of offshore wind power generation systems.
- Innovative theories and key technologies that intersect with the above fields.

## **About the Journal**

## Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

### Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

## **Author Benefits**

## **High Visibility:**

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

### Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)

## **Rapid Publication:**

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
