

Special Issue

Fuzzy Systems and Data Science

Message from the Guest Editors

This Special Issue is aimed at researchers and scholars who wish to propose fuzzy computational intelligence methods and models of knowledge extraction and approximate reasoning for application to massive and multidimensional data. We hope this Special Issue will attract numerous researchers who will help in providing an update on the latest developments in the field of fuzzy-based computational intelligence techniques in the presence of massive data and their important applications in complex real-world problems. Some topics that the contributions may focus on include:

- fuzzy models in time series analysis;
- fuzzy clustering models and fuzzy approaches to classify massive and multidimensional data;
- fuzzy multiobjective optimization methods in data analysis;
- hybrid approaches of fuzzy machine learning and fuzzy deep learning;
- type-2 fuzzy rule-based systems;
- fuzzy massive data fusion techniques;

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di
Torino, 10129 Torino, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus /
SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) /
CiteScore - Q1 (Electrical and Electronic Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 16.8 days after
submission; acceptance to publication is undertaken in 2.4
days (median values for papers published in this journal in
the first half of 2025).
