Special Issue

Hybrid Methods for Natural Language Processing

Message from the Guest Editors

This Special Issue of *Electronics* will provide a forum for discussing exciting research on hybrid methodology for NLP tasks. Topics of interest of this Special Issue include, but are not limited to: *Information Extraction:* Semantic relation extraction (including Open Information Extraction); Discovery and identification of multi-word expressions; Named entity recognition and classification; Event detection and temporal analysis. *Language Analysis:* Dependency parsing; Discourse analysis; Argument mining; Argument evaluation; Grammar checking. *Semantic Models:* (Contextualized) word embeddings; Distributional semantics and compositionality; Sentence similarity and paraphrasing. *Text/Opinion Mining:* Sentiment analysis; Hate speech detection; Rumour and fake news detection; Authorship attribution. Papers may be submitted from now until 15 November 2021 as papers will be published on an ongoing basis. Click *here* to submit your work!

About the Journal

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Editor-in-Chief

Prof. Dr. Flavio Canavero
Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

Author Benefits

High Visibility:
indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

Journal Rank:
JCR - Q2 (Physics, Applied) / CiteScore - Q2 (Control and Systems Engineering)

Rapid Publication:
manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.4 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the second half of 2024).
