

## Special Issue

# Digital Twins in Industry 4.0

### Message from the Guest Editors

The aim of this Special Issue is to identify the potential for digital twins in Industry 4.0, not only in the manufacturing industry but also in smart communities, in smart education, and in smart development. This Special Issue will include, but is not limited to, the application of digital twin technologies to address the following areas:

- Industry 4.0 and the Metaverse;
- CPS systems across multiple industries;
- ICT4D and sustainable development;
- Monitoring disaster management;
- Improving safety and reducing risks;
- Improving smart communities and intelligent infrastructure;
- Industry 4.0 and smart education.
