# Selected Papers from the 4th IEEE International Symposium on Computer, Consumer and Control, 2018 (IS3C 2018)

## Message from the Guest Editors

The 4th IEEE International Symposium on Computer. Consumer and Control, 2018 (IS3C 2018), will be held 6-8 December, 2018, in Taichung City, Taiwan, and is organized by IEEE and the National Chin-Yi University of Technology, and is sponsored by the IEEE Computer Society. Details of this conference can be found on the website, http://is3c2018.ncuteecs.org/. This conference offers a great opportunity for scientists, engineers, and practitioners to present the latest research results, ideas, developments, and applications, as well as to facilitate interactions between scholars and practitioners. As suggested by the name of the conference, the theme of this conference covers computer, consumer electronics, renewable energy, systems and control, and digital signal processing. Original high-quality papers related to this theme are especially solicited, including theories, methodologies, and applications in computing, consumer and control for electronics. All accepted papers will be published in the conference proceedings. Selected papers will be recommended to Electronics for Special Issue publication.

## **About the Journal**

## Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guestedited by leading experts in selected topics of interest.

## Editor-in-Chief

Prof. Dr. Flavio Canavero

Department of Electronics and Telecommunications, Politecnico di Torino, 10129 Torino, Italy

## **Author Benefits**

## **High Visibility:**

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

## Journal Rank:

JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)

## **Rapid Publication:**

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
